OBJECTIVE

To obtain a challenging role in a reputable company that offers substantial responsibility and growth opportunities, allowing me to expand my knowledge and skills, and contribute significantly to the organization's success. With my dedication, commitment, and passion for continuous learning, I am confident in my ability to make a positive impact on the company and achieve both personal and professional growth.

EDUCATION

Year	Course	University/Board	Mark (Percentage/CGPA)

SKILLS

- HTML and CSS
- JavaScript
- React JS
- Bootstrap
- Material UI
- C Language
- Adobe Photoshop
- Microsoft Office
- Time management
- Team Management
- Team Leadership
- Problem-solving

PROJECTS

Attendance Management System: Developed a location-responsive web-based student attendance management system for colleges, which was designed to improve attendance tracking and reduce errors. The project was approved for implementation at the college level.

OpenAI Website Clone: I meticulously recreated the OpenAI website using Bootstrap, HTML, and CSS, faithfully replicating its design and layout. This project allowed me to hone my front-end development skills while gaining hands-on experience in responsive web design.

Netflix Clone with TMDB API: I developed a Netflix clone by integrating the TMDB API with React, HTML, CSS, and JavaScript. This project involved real-time data fetching using Axios, enabling users to browse content similar to the popular streaming platform.

ACTIVITIES

- **TinkerHub Foundation:** Actively participated as a member and served as the community leader for the college chapter for two years.
- **Turtle Community:** Founded a student community in the Department of Computer Science with the primary objective of helping over 1200 students in the college to develop their skills and learn more about technology.
- **Computer Science Association Secretary:** Elected to represent the Computer Science Department in the College Association for the academic year 2022-2023.

HOBBIES

- Coding
- Illustration
- Gaming
- Designing
